

EASTSIDE COMMUNITY CENTER INCLEMENT WEATHER SHELTER

Valeo Vocation will operate an inclement weather shelter at the Eastside Community Center when weather conditions necessitate. The shelter will provide a safe, warm space with restrooms, food, and sleeping mats for those who stay overnight.

The shelter's weekly schedule will be determined each **Monday at noon** and reviewed on **Wednesday**.

Days of operation will be based on when forecasts assume inclement weather. The shelter may be open when the weather is forecasted to be **35 degrees** with a wind chill dropping the temperature to **32 degrees**.

Once the shelter is determined to be **OPEN (at 7AM)**, it will operate for a full **24 hours** as both a day shelter and overnight shelter. When the shelter is determined to be **CLOSED**, it will close the next morning at **10AM**.

Shelter beds will be on a first-come-first-serve basis until a **capacity of 40** is reached. Service providers may call ahead to reserve a bed for a client they are referring to the shelter. Referrals must report in person within **2 hours** of the referral call or their bed will no longer be reserved.

Individuals can call at any time to check bed availability and can self-reserve a bed after **7PM** if there are any openings.

Call the shelter at
